**Which best describes your position regarding the recommended changes to Administrative Rule R657-28?**

---

Neither agree nor disagree

**Which best describes your position regarding the proposed DWR fees?**

---

Strongly agree

**Do you have any additional comments about these proposed fees?**

I support the division to raise the fees. I recommend the division to increase the Dedicated Hunter permit to 300\$ and only 1 Buck harvest in the 3 year program.

---

**Which best describes your position regarding the proposed DWR fees?**

Strongly disagree

**Do you have any additional comments about these proposed fees?**

I understand the need to increase fees on occasion, but the dedicated hunter hours are not worth \$40/hour. If you make that change, it should only apply to new dedicated hunter who enter the program after July 1, 2023, for fairness and transparency purposes. This is my first year in the program and the DWR project list has been almost non-existent online. I'm going to be forced to buy my first 8 hours for \$20/hour and pray that there are projects closer to home in the coming months and years. It simply isn't worth driving hours to a project when gas is \$5.25 per gallon.

I'm okay with increase the combination, general deer and general elk permit fees.

I am 100% opposed to any increases for limited entry or once in a lifetime permits. They are already over priced and have been for ages. Increase the cost of those permits for non-residents, but not for residents, if you must.

Personally, I think in \$5 and \$10 increments. Go from \$40 to \$45 or \$40 to \$50 for a general deer. The game of nickles and dimes is annoying.

**Do you have any additional comments about these proposed fees?** So, people Are barely surviving and they want to raise your fees so that nobody can afford to do any outdoor activities?

---

**Which best describes your position regarding the proposed DWR fees?**

Strongly disagree

**Do you have any additional comments about these proposed fees?**

I think by not paying the state of Nevada to do our draw we are going to bring it home and so it ourselves. I understand things are expensive for the Dwr but things are also the same for the hunters and anglers. The price of tags go up taxes on all of our equipment and ammunition, arrows and fuel. Go up. Most people don't get a Col that comes close to that percentage. There by alienating yer residents from hunting land they get taxed on all year. To let people from other counties hunt it and deplete our resources. Go to a you live in that region you hunt that region.

**Which best describes your position regarding the proposed DWR fees?** Somewhat agree

---

**Do you have any additional comments about these proposed fees?** I understand that prices need to go up to keep up with inflation-related issues. However, \$40 for Swan and Sandhill Crane tags is ridiculous. Equating them to a turkey tag is nonsense. We already pay a \$10 application fee so a bird tag is nearly the price of a deer tag?? C'mon now, the bird tags should be \$20 or \$25 but not higher. There is no "management" of Sandhill Cranes nor Swans. They are no longer monitored by UDWR with flights over the Great Salt Lake. This is simply a way to charge extra for no other reason than to say UDWR would like the tags to all be the same price.

How about you guys tighten your belts and quit spending so much money With little to nothing to show for it. All of our herds have declined over the past 10 years. And it's still a money issue for you guys. How about a quality hunt for the money. You take in millions of dollars with the Hunting expos And you still need more?

I am OK with the fee increase for most tags.

But a 100% increase for the dedicated hunter buy out hours is ridiculous \$40 per hour is too much. And I have only ever bought out 2 hours in the 9 years I have been in the program.

I'm 40 years old first time since I was 14 I did not purchase a general bull elk tag I have always hunted but fuel prices and food prices drove me away this year everything is already too expensive I'm against any price hike of any kind especially from a government entity, especially when tags already seem way to high already.
